### HAvRel

Honeywell Aviation Reliability

Welcome

- **What is HAvRel?**  
The HAvRel website provides easy access to Aerospace Reliability data and Avionics & Mechanical Shop Repair Records. [More Info?](#)
- **Key Features:**
  - Shop Record Reports (Live Shop Repair Queries)
  - Summary Reports (4 Ups, MTBUR/MTBF and NFF)
  - Static Reports (Snapshots/Reports, previously sent to Customers) >.
- **New to HAvRel?**  
Go to our [Quick Start Guide](#).

**Visual Navigation**

[Click "Visual Navigation" to Navigate](#)

**In a hurry?** Now you can get [Quick MTBUR/MTBF](#). This runs a lengthy report so please be patient.

- **Data Coverage:**  
HAvRel contains Shop Repair Records for Aviation Products since January 2000. This data is updated every evening for most products and weekly for others. Shop Repair Records have been consolidated from the [Quality Data System \(QDS\)](#), [WSC](#), the [Olathe Data Warehouse \(ODW\)](#), [eFindings](#) and from Legacy AlliedSignal data systems and shops. Summary Data ([MTBUR/MTBF](#)) for selected products is also available.
- **Other Info:**  
**First Time Users: Please** go to the [Help](#) Section then click [HAvRel Basic Training](#). This short PowerPoint Presentation will help acquaint you with [HAvRel](#) and provide guidance in its use.

Honeywell

# Overview - HAvRel Website

- **HAvRel**
  - Honeywell Aviation Reliability
- **Purpose**
  - To provide quick access to reliability information on Honeywell units in the field.
- **URL**
  - <https://havrel.honeywell.com>
- **User Responsibility**
  - Do NOT share Honeywell proprietary and/or customer sensitive information with any external parties unless explicit agreements are in place allowing for such sharing to take place. Examples:
    - ◆ Don't share Continental data with Southwest.
    - ◆ Don't share Airbus data with Boeing.
    - ◆ Don't share Continental's Boeing fleet data with Airbus.
  - Use data provided responsibly.
    - ◆ If you are unsure of what report to run or how to interpret or use the data **PLEASE** contact anyone in the Product Reliability Group (See Contacts link).
  - HAvRel contains data Classified as Export Controlled, so exercise caution when using it.

## Honeywell

The screenshot shows the Honeywell HAvRel website. At the top is a navigation bar with links: HOME, ABOUT US, PRODUCTS & SERVICES, INDUSTRY EXPERTISE, TECHNOLOGY, NEWS & EVENTS, and CONTACT & SUPPORT. Below this is a sub-navigation bar with a search icon and the text 'Menu items above link to external Honeywell Corporate Websites' and a tip: 'TIP: Hover over links on the HAvRel Website for more information'. The main header area features the 'HAvRel' logo and the tagline 'Honeywell Aviation Reliability'. A 'Welcome' message is displayed. The content area is divided into two columns. The left column contains a 'Quick Links' section with links to HAvRel Site Map, Other New Logins, Application Info, RM&SS Wiki, Quick MTBUR / MTBF, and Tech Pubs. The right column contains several sections: 'What is HAvRel?' (explaining the website's purpose), 'Key Features:' (listing Shop Record Reports, Summary Reports, and Static Reports), 'New to HAvRel?' (directing users to the Quick Start Guide), and 'Data Coverage:' (providing details on data sources and updates). A 'Visual Navigation' button is prominently displayed with the text 'Click "Visual Navigation" to Navigate'. At the bottom, there is a footer with 'Terms & Conditions | Privacy Statement | Site Map' and a copyright notice: '© Copyright Honeywell International Inc 2002-2018'.

# Basics - HAvRel Website

## • Visual Navigation

- Provides a Site Map that contains active links.
- Hover over each Icon to see what is available under the link.
- Major Areas
  - Static Reports
  - Shop Data
  - Summary Data (MTBUR/MTBF)
  - MyHAvRel
  - Help/Contacts
- Click the Icon to go to the page or report of interest.

# Reports - HAvRel Website

- **Categories**

- Over seventy total reports divided into several categories.
- Hover over Categories to see the reports contained in each one.
- Click on category to go to the reports available in that category.
- Click on the desired report link to see report criteria page.

- **Criteria**

- Enter the criteria you're searching for in the corresponding text entry field.
- **“Hover”** pointer over criteria entry field for additional info.
- Click  icon for additional help info.
- Some reports have Advanced Criteria search fields.
  - ◆ Click “Advanced Criteria” on the criteria page to show them.
- The Date format is “MM/DD/YYYY”.
- Click “Show Report” to render report.

# Reports - HAvRel Website

- **Criteria (cont'd)**

- The wildcard character (\*) can be used anywhere in the search text in any search field (except Date fields).

- ♦ E.g. To get results for all part numbers starting with 066-50000 enter "066-50000\*"
- ♦ E.g. To get results for all 737 Aircraft enter "737\*"

- **Tip: When searching on Customer Name, since no standard customer naming convention exists, use wildcards to get best match.**

- ♦ E.g. To get all results for American Airlines enter "American Airline\*" to include any possible occurrences of variations like American Airlines, American Airlines Inc., American Airlines Ltd., American Airlines Corp., etc.

- **Use of Booleans (OR, AND) are allowed.**

- ♦ E.g. To see results for part number 4055907-903 or any part number starting with 066 enter "4055907-903 OR 066\*"
- ♦ E.g. To see results that contain "FLUCTUATE" and "NEEDLE" enter "\*FLUCTUATE\* AND \*NEEDLE\*"

## • Drill Fields

- Several reports show data in fields that are “drillable”.
  - These show up in the returned data as clickable links.
- When clicked, the report is reloaded with the criteria for that field set equal to the value that was clicked.
  - E.g. For a piece part report that showed various piece parts replacements on 066-5000 returns , click on 30090013-0502 to see only replacements of that piece part.
- Drill Fields **Do** change the existing criteria for the report.

# Reports - HAvRel Website

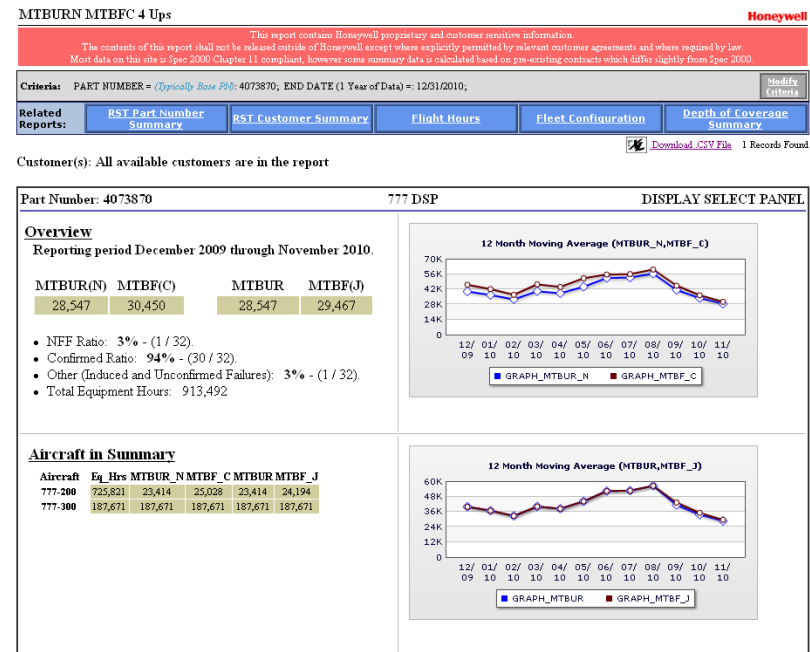

- **Printing**

- The default printing setup on most browsers should work well in most cases.
- Some reports contain very wide content. If the reported you're printing falls off the page try the following:
  - ◆ Adjust page margins.
  - ◆ Switch from Portrait to Landscape.
  - ◆ Select a larger paper size.
- To print reports exactly as they appear in the browser window turn printing of background colors and images on.

- **Which report to use?**

- If you are unsure of which report to use or how to use it, **PLEASE** contact someone in the Product Reliability Group (see Contacts). Inappropriate sharing of data can lead to legal problems.

**Honeywell**

# Feedback - HAvRel Website

- **Feedback page**

- If you cannot find what you need on HELP or in the FAQs or in the Terms section of Help:
  - ♦ Use the feedback page to provide any feedback including questions, problems, requests, etc..
  - ♦ Feedback can be anonymous if desired, although to answer questions or respond to requests, we will need some way to contact you.
- For items unrelated to RM&SS Reporting please call:  
**The Honeywell Customer Response Center at 877-436-2005** for assistance.

- **Contacts**

- Feedback can also be provided via the contacts page.
- Click on a picture will allow sending an email directly to that person.
